OUR VISITORS.

Cardiff have always been one of the most attractive sides to visit us. Never has their side been anything but first class and many of the greatest names in Rugby Football have been associated with the Club. When the Memorial Ground was opened in 1921 it was to Cardiff that the Bristol Committee turned as the most famous and fitting Club to open the ground. Since that time Cardiff have paid us many visits and delighted us with their skill. And this year they are so far undefeated and have without doubt the best side in South Wales, probably the British Isles, their XV. is a successful blending of young, skilful enterprising players with just a few old hands to give them direction and steadiness. We congratulate them on their record and we ask every one of our supporters to shew their appreciation of the efforts this side is making to restore the glory of Welsh football by giving them a particularly warm welcome.
