TO-DAY'S MATCH.

By THE EDITOR.

But for the absence of Billy Cleaver, all Cardiff's British team tourists appear in the Athletic's colours today in order to get "toned up" for the game against Bridgend next Saturday. We all welcome them back and are sure that they will again play their full part in securing the Triple Crown for Wales this season. Last week Dr. Jack inspired the "Rags" backs and a welcome re-appearance was made by Paul Ash.

It will be remembered that two seasons ago Blackwood's visit to the Arms Park ended a much prized ground record.

Although the Athletic have such strength and experience both in and behind the scrum it should bring out the best in the Blackwood boys, who always give us a hard struggle. They are a keen side and doing well against rival Monmouthshire clubs. This will be the Athletic XV's fourth home game and should be the most interesting and attractive. It is not often we have such famous players in the ranks of the "Rags." But the spirit is the same as in the First XV and our distinguished guests should feel at home!

It is pleasing to see that five members of the Cardiff Club have won places in the First Welsh Trial at Pontypridd next Saturday. We will be without them for the important game against Bridgend, but we wish them all success at Ynysangharad Park. John Phillips and Malcolm Collins figure in the Probables pack, while Haydn Morris (wing), Cliff Morgan (outside half) and Sid Judd (forward) wear the Possibles colours.
