Programme Notes

Croese Cynnes i Caerdydd. After our dismal performance at London Scottish last Saturday we look forward to a much better result today. I trust the selectors have taken the necessary action and that the players chosen will show by their commitment that the Celts are human and that they can be beaten.

Cardiff have a history and reputation for good rugby but their season so far has been disappointing (at least as far as the results are concerned). In addition to welcoming the Players, Committee and Supporters of Cardiff I extend a warm welcome to the Exiles who are here today - no doubt you are attracted by good rugby but I hope you can support the Saints for the remainder of the season. Take a look at the fixtures and you will find there are many attractive matches at Franklins Gardens this season.

Here are the answers to the questions I asked in the Rugby Programme:-

1. G.S. Conway (18 for England).
2. Rugby.
3. S.E. Brain.
4. S.J. Purdy.

Congratulations to three of our players who are members of the Midlands Squad. David Elkington, Frank Packman and Gary Pearce have shown by their determined play that they deserve inclusion in the squad and I hope they make the team (Sat. 19th December - Midlands v. North). The Youth team are disappointed that Cardiff Youth will not be here today but they have an excellent playing record this season. They are combining a very good all round performance with an enthusiasm to play open rugby. Look at their record!
